

February 17, 1970

Dr. John Nichols
U. of Kansas Medical Center
Kansas City, Kansas 66103

Dear John,

How did I become Mr. Schoener instead of just plain Gary.
Was that for the purposes of the carbon to Hugh Betzner.

I appreciate your help with the photos and wasn't worried
about you forgetting. I realize that when two or three people
try to fit their schedules together it gets pretty difficult
to get things done.

I anxiously await the photos although their practical value
may not turn out to be very great. Harold will be the best judge
of that since he knows names and faces better than I do.

I trust that your case is now in court. If there are ever
any news clippings I would greatly appreciate them--either from
the newspaper or good xeroxes. I would then make slides of them
and add them to my slide presentation. I would appreciate being
kept informed of any important developments in your suit.

Well, I've got to go. Best wishes.

Sincerely,

Gary
Gary Schoener
